ACCIDENTS

Grooming equipment is sharp, and although we use extreme caution and care in all situations, possible accidents could occur including cuts, knicks, scratches quicking in nails, ETC... Your pet's safety and comfort is our number one priority. In the event of an accident does occur, you will be notified of the accident. If Dirty Pawz feels it is serious, owner is not on site, Dirty Pawz will seek immediate Veterinarian care for your pet.

HEALTH OR MEDICAL PROBLEMS

Occasionally grooming can expose a hidden medical problem or aggravate a current one. This can occur during or after grooming. All medical expenses of veterinary care will be covered by the animals owner signing this agreement.

CURRENT VACCINATIONS

Pets must be up-to-date on Rabies and we strongly recommend they are current on Distemper and Bordetella. Proof of Rabies must be given prior of grooming appointment.

FLEA/TICK TREATMENT

If your pet has any Fleas or Ticks, your pet will automatically receive a flea/tick treatment \$15-\$25 at your expense.

DANGEROUS OR AGGRESSIVE ANIMALS REFUSAL OR SERVICE

Dirty Pawz has the right to refuse any services at any time. In the event that your animal is too stressed or becomes dangerous to groom, Dirty Pawz has the right to refuse grooming services, stop grooming services, or cancel grooming services at any time before, during, and after grooming and client will be charged a grooming fee ((for what was done up until that point.))

USE OF MUZZLES

Muzzling does not harm your pet and protects both the animal and the groomer. In some cases, muzzling may even calm a stressed animal, allowing the grooming process to continue. If an animal still acts in a way that is dangerous, Dirty Pawz has the right to stop grooming services at anytime and a service fee will be collected. We do not muzzle unless your pet gives us a reason to. Other methods are used to calm your pet, muzzling is a last resort.

MATTED COAT

Pets with severely matted coat requires extra attention. Mats in pets coat grow tight, and can ultimately damage and tear the pets skin, which provides a breeding ground for parasite infestation. Dirty Pawz will not cause serious or undue stress to your pet by de-matting. Mats can be very difficult to remove, and may require your pet to be shaved. Removing a heavily matted coat can cause knicks, cuts, or abrasions due to the skins growth trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing mold, fungus or bacteria to grow, producing skin irritations that existed prior of the grooming process. After - effects of the mat removal procedure can include itchiness, skin redness, self-inflicted irritation or abrasions. In some cases, pets may also exhibit brief behavioral changes. Prevention is the best defense by scheduling regular grooming appointments, every 4-6 weeks. If your pet needs to be shaved to remove matting, by signing below, you acknowledge that you agree to this procedure, and any risk. There will be an additional charge for this process.. It is time consuming and cause extra wear and tear on grooming equipment. The additional charge can be estimated by groomer prior to appointment.

SATISFACTION

Your satisfaction is important to us. If you are unhappy for any reason , and would like something adjusted, we will be happy to make any adjustments with in 24 hrs of grooming appointment.
